

INSPIRIT

SENIOR LIVING

LIVING
YOUR

best

Our parents and grandparents are
the heart of our families.

Their sacrifices made our lives possible—and their stories connect us to our heritage. Family roles change. When the time comes to care for our elders, it can be difficult to ask for help. But it should not be. Because at every stage of life, all of us need different kinds of help and have different gifts to offer.

LIVING YOUR *best*

Inspirit Senior Living is dedicated to honoring the whole person—body, mind, and spirit. Our team of skilled and dedicated professionals treats every resident as an individual. We create communities that foster health and well-being—and provide experiences that draw out everyone's gifts.

Our communities reflect the decades of experience that Inspirit brings to the vocation of caring for seniors.

Inspirit's leadership includes some of the nation's most respected experts whose reputations and commitment to excellence have transformed the experience of senior living. Inspirit communities integrate the best medical and physical care into vibrant settings that foster joy—the joy of living your best.

your life.
your needs.
your goals.

Inspirit communities recognize seniors' diverse needs and preferences. Moving—even one time—can be disruptive enough. When you choose an Inspirit community, you have the peace of mind that comes from knowing that if your needs change, they can still be met on site through Inspirit's graduated-care approach.

OUR COMMUNITIES ARE DESIGNED TO DELIVER
A RANGE OF PERSONALIZED SERVICES.

*Part of the Inspirit experience,
at every level of care, is an
understanding of how powerfully our
surroundings affect our quality of life.*

*Inspirit communities reflect a
commitment to beauty —both the
natural and the built environment.*

 **INSPIRIT** attracts and retains the best staff because we treat them as we do our residents—appreciating their gifts, recognizing their goals, encouraging their dreams. Inspirit includes team members who are fully licensed and credentialed.

But beyond that, inspirit carefully selects staff members who are personally committed to our same values. Inspirit provides ongoing training, personal and career development opportunities, and a joyful work environment. The way we treat our team members—with respect and dignity—is the way everyone on the team treats Inspirit residents.

 At every stage of life, we all have needs—but also gifts to share. So instead of focusing on problems and symptoms, Inspirit focuses on potential and dreams. We are committed to building communities on the bedrock of integrity, compassion, and creativity so that all Inspirit residents can live their best lives and so their gifts can flourish. I founded Inspirit Senior Living with an ambitious and clear vision: nothing less than to transform the experience of aging in this country.

THIS WORK IS MY VOCATION.
AND IT IS AN HONOR

INDEPENDENT LIVING

Inspirit communities include residents for whom companionship and convenience are priorities. Our Independent Living option includes apartments with kitchen facilities so you can prepare your own meals if you like—or join other residents in the dining room when you prefer. Independent Living settings are ideal for seniors who want to manage their own affairs while enjoying the companionship of their contemporaries—and knowing that concierge-style assistance is on premises if they need it.

ASSISTED LIVING

Assisted Living is an ideal option for seniors who need assistance with meals, medication, housekeeping or other activities of daily living. Inspirit communities include medical professionals, nutritionists, physical therapists, and other specialists who work together as a team with each resident and his or her family. The goal is to understand the resident's needs—and dreams. Working together with the family, the Inspirit team designs an individualized plan of care to support each resident's own goals for this stage of life.

MEMORY CARE

Inspirit recognizes that loss of memory or cognition does not mean loss of dignity. Our communities include professionals who can provide appropriate levels of care as needs intensify—while also helping residents fully enjoy the good days in an environment of respect and compassion.
