Inspirit Senior Living is proud to deliver exceptional senior care to our residents, top-notch customer service to their families, and a meaningful, supportive work environment to our team members.

MISSION

Inspirit Senior Living is dedicated to honoring the whole person—body, mind, and spirit. Our team of skilled and dedicated professionals treats every resident as an individual. We create communities that foster health and well-being—and provide experiences that draw out everyone's gifts.

Our communities reflect the decades of experience that Inspirit brings to the vocation of caring for seniors. Inspirit communities focus on the complete resident experience. Our commitment to our residents' physical well-being is reflected in the quality of our skilled care-givers, the excellent food, beautiful surroundings, and comfortable furnishings. Recreational and educational activities—music, reading groups, bridge clubs, lectures, films, and countless other opportunities—keep the Inspirit community intellectually stimulated and socially engaged. Inspirit properties are also important and respected members of our local communities. Local schools, voluntary organizations, choirs, and even trained therapy dogs—all are frequent visitors for celebrations or just to say hello.

HISTORY

Inspirit's vocation is to transform the experience of aging in this country.

Inspirit is the realization of a long-held dream. Founded in 2015, Inspirit is led by CEO David McHarg, one of the most respected leaders in the field of senior care. Dave served in top executive roles with some of the nation's best providers for more than 25 years. His experience inspired a vision — of a nationwide family of properties, all dedicated to the highest standards of care and to a set of common values. Dave's reputation enabled him to assemble a visionary team of senior executives and investors who share the vision. Together, the Inspirit team is pursuing a nationwide expansion to fulfill its ambition — nothing less than to transform the experience of aging in this country.
